

Minibus route from Woodlands Academy to Allesley

Following interest from parents/carers in the Allesley area, we may have the potential to run a minibus to and from the Allesley area for Woodlands Academy students.

We are hoping, if we can guarantee at least ten students per journey (to and from school), to be able to offer the service, which will provide safe, direct transport from Allesley to school.

Depending on the number of students, the cost would be around 50p per journey, and we are looking to have three pick-up points on Browns Lane and a further three on Birmingham Road.

Planning is very much in the early stages, with the decision to run the service dependant upon numbers of students opting to use it.

If you are hoping to secure a place at Woodlands Academy for your son (to start in September 2012 or 2013), and would be interested in using the proposed minibus service, please could you email julie.curtis@woodlands.coventry.sch.uk.

We look forward to hearing from you.
